

CA30-CA - Capacitive IO-Link Sensor

Carlo Gavazzi Canada Inc. (355)

The new generation of CA30CA...IO high performance capacitive sensors have an IP69K rating and approved by ECOLAB for cleaning- and disinfection agents, plus IO-Link communication.

The 4th Generation of TRIPLESIELD™ technology provides immunity to electromagnetic interference (EMI), and advanced protection from humidity and dust.

This makes it ideal for Plastic & Rubber, Agriculture, Food & Beverage and Material handling applications.
