

ESP Series Variable Speed Heat Pump

Hi-Velocity, Energy Saving Products Ltd. (421)

Energy Saving Products Ltd, proud manufacturer of Hi-Velocity Systems for over 35 years, has released the company's first outdoor unit, the ESP Series Variable Speed Heat Pump. The ESP Series uses less energy than a conventional heat pump by modulating the compressor/fan speed up or down to match load. Available as 3-ton or 5-ton unit.
