

Radiant's R2KA 24/20 Combination Boiler

Radiant Hydronics (628)

Radiant's R2KA 24/20 Combination Boiler combines the convenience of a combi boiler with the comfort of stored DHW! Equipped with CombiTech® technology, Radiant's R2KA 24/20 offers a proprietary dual coil T316 stainless steel heat exchanger for independent heating and DHW circuits. Rated at 99,000 btu's the 97% efficient R2KA 24/20 can be vented up to 100' in 2' PVC.
