

CIPHEX West 2023

NEW PRODUCT

**A.O. Smith
Cyclone™ XL**

Category: Plumbing and Piping

Designed to provide years of dependable service, A.O. Smith Cyclone™ XL condensing water heaters provide ultra-quick recovery for high usage applications. Models are available from 750,000 to 1,000,000 Btu/h and deliver thermal efficiencies of 97%. The primary and secondary heat exchangers provide optimal service life, while maximizing heat transfer.
