NEW PRODUCT

Crowcon Detection Instruments LTD.

Refrigerant Leak Probe with Arm

Category: Air Conditioning, Refrigeration

Crowcon's new Refrigerant Leak Probe combines the Sprint Pro's Combustion Analysis and Refrigerant Leak Detection into one single all-in-one-tool. The Sprint Pro now has 8 tools to get the job done efficiently, saving you time and money. The RLP detects up to 13 different refrigerants and has both visual and audible alarms to alert you to the leak quickly!
